### POA Board Meetings

Woodside residents are welcome to attend the POA board meetings (see schedule listed above). Please call the POA office at 641-9663 if you would like to address the board and your name will be placed on the agenda.

### Looking Back and Forward

Looking back over the last year I was amazed to find how many of our complaints or less than desirable situations arose from lack of knowledge of the POA covenants. Most of what is done to the outside of our property and lawns is governed and controlled by the covenants. I understand that most of us are not going to sit down and read the covenants. The simple and easy way to avoid a problem is to call the POA office and ask if there is a guideline or restriction for the project you are contemplating. The staff is always there to help you interpret any of the restrictions. Always remember the WPPOA staff is there to help smooth the way for your concerns.

In 2011 Nancy Hughes and her committee completed the first phase of upgrading the landscaping on Woodside Plantation Drive. Bob Horne, with the help of Gerry Smith, completed the base repair work – also on Woodside Plantation Drive. These two projects were the only large items for 2011.

Looking forward to 2012, the second phase of landscape upgrading will begin. The purpose of this work is to maintain the beauty of the Plantation and to help control future landscaping costs. Future plantings will use more perennials instead of annuals. This should result in a long-term cost savings. We do not foresee any major road work in 2012. We will also be initiating a survey of our irrigation wells to evaluate the cost of lightning protection for the pumps and controls. We will have to evaluate the initial cost vs. long-term savings.

The ARB will be digitizing all of their records. This will be both a space and cost-saving project. Last but not least is our Long Term Strategic Plan. This plan was a combined effort of board members and residents and serves as the guide for the board. Any resident who has an interest in seeing the Strategic Plan should drop by the POA office.

We keep getting calls and complaints in reference to the buildings being erected for motorcycle storage. Apparently many people do not read the newsletter. The facts are: WPPOA is not building the facility. WPPOA funds are not being used. The facility is not on WPPOA property.

### Bluebirds Over Woodside Plantation By Jim Burke

Did you know there was a housing boom in Woodside Plantation during 2011? The occupants of 87 new structures enjoyed the beauty of Woodside thanks to the collaborative efforts of the South Carolina Bluebird Society (SCBS), Woodside Development Limited Partnership, Woodside Plantation Property Owners Association, Woodside Plantation Country Club and The Enclave Property Owners Association. These new homes are Eastern Bluebird nest boxes located on four main trails. One trail begins at the entrance to The Village at Woodside, goes through The Reserve and Hollow Creek and ends at the Anderson Pond Gate. Another trail circles The Enclave neighborhood and Reserve Park. Trails three and four are located on the Cupp and Jones Golf Courses. A total of 254 birds were fledged, including 220 Eastern Bluebirds, 21 Carolina Chickadees, 7 Brown-headed Nuthatches and 6 Tufted Titmice.

Why the interest in bluebird trails? Between 1920 and 1970 the population of bluebirds plummeted by 90% primarily due to loss of habitat. The bluebird is a cavity nesting bird, which means it prefers to build its nest in a tree cavity. Unlike the woodpecker, however, the bluebird's beak is not suited for excavating. It depends on natural cavities, or ones made by other birds. However the expansion of commercial agricultural operations, growth of cities and residential land development have destroyed many of the bluebirds' natural nesting places. Woodside Plantation, on the other hand, provides ideal habitat with its vast open spaces interspersed with lightly wooded areas all of which provide excellent foraging grounds for insects that make up almost 70% of a bluebird's diet.

SCBS maintains 262 nest boxes on 24 trails throughout the Aiken area. Plans are under way to add additional trails in 2012. Join in for a fun and informative wildlife conservation experience. For more information about bluebirds, establishing a trail, becoming a trail monitor, sponsoring a nest box or membership in SCBS, contact Jim Burke, 803-644-0235, jimburke271@gmail.com, 271 Highland Reserve Ct., Aiken, SC 29803 or visit www.southcarolinabluebirds.org.

### Walking Trails By Jim Pierce

The Woodside Trail Group will have a hike on the Oakman Lake Trail on Saturday, January 28 at 2.00 pm. Anyone who is interested, please meet the hike leader on the road leading to The Reserve Club maintenance shed (off West Pleasant Colony Road) about 1:45 pm. The hike will take about one hour. The hike leader is Jim Lefebvre – call him at 643-7804, if you need more information. If it rains, the hike will be canceled.

## TREASURER'S REPORT

Pat Shippey

The 2012 assessment notices were mailed to property owners in December. Payment is due no later than March 1, 2012, without penalty. The number of homes assessed increased by 33 to 1,804 and the number of lots increased by 34 to 551.

In 2011 there were 27 new housing starts and 15 new lot sales recorded by the development company. Housing starts were slightly higher than projected, but lot sales were 40% lower than expected.

For the year Operating Income was \$1,100 over budget and Operating Expenses were \$13,500 under budget. This reduction in projected expenses was remarkable given that unscheduled landscape maintenance and irrigation repairs were double the budgeted amount (\$70,000 vs. \$35,000). The only special project undertaken this year was the first phase of the Common Area Landscape Strategic Plan. This project exceeded the Special Projects budget by \$31,390 and this resulted in an Operating deficit of approximately \$16,790. As per the covenants, the minimum contribution of 10% of Assessments in the amount of \$140, 565 was transferred to the Designated Reserve account. This account earned \$4,402 in interest this year and \$68, 291 was spent on road repairs, resulting in a net increase of \$76,676 to the account for future repairs. At the end of the year the balance in the Designated Reserve account was \$488,086.38. The bottom line for this year is that there was an increase in equity of approximately \$60,150.

The auditors were here in December performing preliminary work on the annual audit. They will return in January to complete the audit and prepare the 2011 federal and state tax returns.

January 2012 Update  
 12/28/2011

We hope everyone had a great Christmas! Ruth, Dan, Bud and I left to go on a road trip on Dec 22. We didn't have a schedule to keep, other than I wanted to be back home before Dec 27. We went to Washington, DC, Hershey, PA, and were in New York City on Christmas. We even had time to get a Philly Cheese Steak from Geno's in Philadelphia. We drove thru Lancaster County on the way to Philly. On the way home, we drove thru the Shenandoah Valley. I drove the whole 1900 miles!! We packed a lot into the five days we were gone, but we all had a wonderful time. I think what touched all of us the most was the 9/11 Memorial and St. Paul's Episcopal Chapel, known as "the little Chapel that stood." For eight months after the attack, St. Paul's became a refuge to firefighters, workers, heavy-equipment operators, and police officers.

We don't have any close relatives up north; we just wanted to get away. On Wednesday, Oct. 12, my wife's father, Bill Bartley, passed away at the age of 82. Eight weeks later, my wife's mother, Leona, passed away. On a positive note, my sister had a baby boy on Dec 15.

Rick Catts, had a good season selling Christmas trees at Bud's location across from Chik-fil-A.

**Happy New Year!!!**

## ARCHITECTURAL REVIEW BOARD

Dee Clark

As we begin 2012, it seems that an article regarding the Building and Landscaping Guidelines of Woodside Plantation for new construction and changes to existing homes is in order. The primary purpose of the guidelines is to foster the creation of a community which is aesthetically pleasing and functionally convenient for residents and visitors. The guidelines have been written to clarify and expand on the Covenants. Changes to the guidelines require approval by the Architectural Review Boards of both the Development Company and the Plantation Owners' Association.

The guidelines reference two major areas of development, namely: new home construction and property improvements and alterations. Outlined in these sections are the review and approval processes for both, encompassing everything from deposits to completion for new construction; and also from the letter of intent to completion dates for property improvements and alterations.

The General Guidelines provide a laundry list of information about design, building size, materials and colors, appurtenances, fences, gutter obstructions, and

signage specifications for both builders and homeowners. A specific focus on construction deals with everything from work hours and tree protection, to restrictions affecting contractors.

Landscaping is so critical to our surroundings and the guidelines expressly cover requirements pertaining to existing vegetation, exterior lighting, ground covers, golf fairway residential areas and tree protection.

Other sections in the guidelines detail fees, deposits, inspections and fines. Many of our communities within the plantation have special guidelines referencing lot coverage, square footage minimums and setbacks. Residents may purchase a copy of the Building and Landscaping Guidelines from the POA office for \$10 or access a PDF file of the publication online at: <http://www.wppoa.com/arb1.htm>

Before you begin your next home project, please review the relevant section to determine the steps you will need to take.

## LAKES & DAMS

**Bill Bower**

**Aquatic Services:** Granite Ridge Aquatic Services (GRAS) has reported the following actions:

Royal Lake: has a small amount of alligator weed, winter cold will control.

Burden Lake: has a small amount of floating hearts; winter cold weather will kill it.

Magnolia Lake: has a small amount of floating hearts; winter cold will kill it back.

Holley Lake: no problems noted.

Small pond above Holley Lake: has responded well to dye treatment and herbicide 'reward'.

The other small pond above Holley Lake (belongs to WPCC); has also responded well to the 'reward' treatment.

This treatment will be continued next year.

Oakman Lake: no problems noted.

If you notice specific problems, please notify me or the WPPOA office.

**Security:** There are still some indications that there are some trespassers and non-residents using our lakes. Although there has been an increase in security surveillance, it would be greatly appreciated if property owners would report trespassers to security or the WPPOA office. These are your lakes and we all pay to maintain them. Thanks for your help.

**Lakes & Dam Maintenance:** As of this writing, Aiken County is over thirteen inches below normal rainfall. After the winter rains start to fall, we should see an increase in lake levels; this should improve the appearance of the lakes and help the fishermen. Our contractor has started to clear the dam outfall areas to remove vegetation from the discharge areas. This is required to keep vegetation from damaging the outfall pipes and downstream sides of the dams.

**Fishing Awards –** New for 2012:

Over the last few years the number of Woodside fishermen has steadily grown to the point where we have multiple boat owners fishing on a regular basis for both largemouth bass and crappie. While we also have bluegill and catfish in our lakes, the bass and crappie are most pursued because these species have reached bragging size in some of lakes. I am pleased to announce that beginning in 2012, annual recognition will be given to the resident fishermen who catch the largest of these two species. Two plaques will reside at the WPPOA, one for the "Biggest Bass" and one for "Colossal Crappie." Entering the contest is simple; if you catch a large fish of either species, measure the length and take a photo of the fish next to your measuring tape or ruler. Fish should be measured to the nearest 1/8 inch increment. You may either take the photo and the fish specifics to the POA office or send an electronic copy to: sandi@wppoa.com. The contest is limited to Woodside residents and their immediate families, i.e., sons, daughters, parents or grandchildren. In addition to getting your name and the length of your fish on the plaque, the winner in each category will have bragging rights for the following year.

**Winter Lake Clean-up is Complete –** report from Ken Ziomek:

Woodside fishermen have been conducting a clean-up of our lakes and ponds for the last four years. The turnout was so large this year that, for the first time, all seven lakes within Woodside were cleaned before the end of December. Assisting me this year in the clean-up were Marvin Barborek, Peter Bower, Jim Burke, Bob Carter, Keith Crawley, Bill Drzyga, Dale Hutsell, Jim Iwert, Angela and John Martone, Jack Royalty, Frank Shallo, Dick Shank, Herb Theiss and my older brother, Tony Ziomek. As a token of my appreciation for their efforts, I will be providing each one with a detailed 11 x 17 contour map of Oakman Lake. The map was developed using details from my GPS depth finder and a software package that I purchased from a company in Sweden. If you have not already stopped by my house for your map, please contact me at 649-9842 so we can set up a time. Once again, many thanks for volunteering your time and efforts. Ken Ziomek

**Having More Retirement  
Accounts Is Not The Same  
As Having More Money.**

When it comes to the number of retirement accounts you have, the saying "more is better" is not necessarily true. In fact, if you hold multiple accounts with various brokers, it can be difficult to keep track of your investments and to see if you're properly diversified.\* At the very least, multiple accounts usually mean multiple fees.

Bringing your accounts to Edward Jones could help solve all that. Plus, one statement can make it easier to see if you're moving toward your goals.

**SECURITY**

**Bob Christopher**

If you try to find Regent patrol officer Jimmy Doolittle in the Plantation on Tuesday, Wednesday or Thursday nights – good luck! While you are probably counting sheep, Officer Doolittle is keeping a watchful eye over the homes and properties of our community, patrolling every street. He began his Woodside watch in March of last year.

A native of Graniteville, Jimmy had a 43-year career with Owens-Corning where he traveled extensively handling the company's predictive and preventative maintenance programs. He also served on the board of directors for the Vibration Institute, a governing body for the fiberglass, paper and chemical industries. One of

Doolittle's areas of expertise was helping Owens-Corning's plants increase efficiency in operations. Most weekends, he still takes to the road with Ruth, his wife for 43 years, as they explore small town yard sales and flea markets. When he does stay at home, he may often be found spending time with some of his six children, 19 grandchildren and 12 great grandchildren.

**Mike Sims**

My lovely wife and I were sitting at the breakfast table and she asked what I intended to "write about" in the January Newsletter. Well, I said, "since I'm not especially motivated to unleash my superior intellectual prowess on prose this early in the new year and because Fox News has me so riveted to the TV because of the never ending permutations and the far reaching ramifications that will result from the outcome of the Iowa caucus, I'll just have to resort to plagiarism".

To this end, I am publishing two emails that I received because there is no other more effective means for me to communicate these residents concerns and issues to our community at large.

"A reminder for people walking &/or jogging on the street – Please wear white or reflective clothing in the early morning when the sun is shining in a driver's eyes & in the evening when it's dark. It's difficult to see people especially when rounding a corner.

"Please remind residents to pick up after their dogs. There are many poops beside the pathway along Woodside Plantation Drive. It's very annoying for those of us who carry bags with us & pick up after our dogs."

I seek your help in correcting situations in neighborhoods where families with multiple dogs tacitly agree to allow their dogs to bark incessantly at the expense of nearby more controlled neighborhoods. More specifically, on the east side of Oakman Lake there are two neighborhoods that allow joint howling of their dogs through much of the

day. The first and least egregious is the Holly Ridge Road/Longwood Green Court neighborhood where many small dogs bark in unison several times a day, usually in the morning and evening. More annoying is the River Birch Road /Birch Tree Circle/ White Birch Court neighborhood which has many large howling dogs as well as small dogs that often join in to serenade adjacent neighborhoods. That neighborhood allows their large dogs to begin barking as early as 3 am and continue through late morning. Once the large dogs start barking the smaller dogs often join in. A second round of serenading usually begins about 4 pm and last till about 9 pm. The cycle begins again 3 am the next morning.

I live on the west side of Oakman Lake and I as well as my west side neighbors are subjected almost daily to this less than neighborly behavior of east side residents and their pets. I should also note that although most of my neighbors on the west side of Oakman Lake have a dog or are multiple dog families, they control their animals. Almost no barking originates from the west side of Oakman Lake. This fact suggests that it is possible for a neighborhood to control annoying and excessive barking. I request your help in correcting this situation (the author is redirecting this message to the canine owning folks on the east side of Oakman Lake).

Did I happen to mention sometime late last year that the 1st known use of the word "neighborly" was in 1558? See y'all next month

### Holiday Home Tour Results

Approximating \$13,000 was raised from the Holiday Home Tour of 2011. The majority of these funds will be distributed to local charities in the spring. The exception is that the funds raised from the Raffle will go directly the Golden Harvest Food Bank Back Pack program. Thanks to all of you who participated either by volunteering or attending. Marilyn Lane, a homeowner who had her home on tour said "This has been a wonderful experience and I would do it again." If you are interested or know of someone who would like to put their home on the December 2012 Tour, please contact Carol Krist at 642-9388.

### Caroling for Cans Needs Help

Woodside's Caroling for Cans finished their sixteenth year of caroling and had the best year ever! On December 4, the children of Woodside caroled around the neighborhood for canned goods. They gathered over 5,000 pounds of food and \$1,716 which was donated to the Aiken County Golden Harvest. Golden Harvest is a locally supported, nonprofit, charitable food distribution center that provides grocery products to the hungry throughout 24 counties within Georgia and South Carolina. Caroling for Cans was started in 1996 by Lynn Burkes for the children of Woodside to take an active part and experience the joy of helping others during the Christmas Holidays. Children all the way from preschool to high school participate and love the event. The Women of Woodside, Woodside Development and Woodside Plantation Country Club sponsor the event by donating cookies and hot chocolate. Lynn's daughter will be a senior next year so she is looking for someone to mentor so they can take over the leadership. If you know of anyone who would be interested in being on this committee, please contact Lynn Burkes at 649-3102 or 645-3267.

**W.O.W. NOMINATED FOR  
PERSON OF THE YEAR**

How appropriate for "The Officer" to be Person of the Year.

Scott Richardson, who died in the line of duty on December 20, reminded us that we are protected by the men and women of law enforcement, day in and day out. They were the perfect ones to receive this honor.

**W.O.W. was also nominated!**

Mary Lou Coar, W.O.W. member and friend, submitted the nomination. Her words were well chosen. Sixteen nominations and summaries appeared on December 24 in the Aiken Standard. Here are Mary Lou's words...

**Women of Woodside**

"Over the years the Women of Woodside have contributed thousands of dollars to most of the charities here in Aiken. This past year, with a terrible economy, they were able to raise over \$100,000 for various charities here. I believe the hard work and dedication of these women, in doing both things that raise money and others that help our city, is worthy of being awarded the "People of the Year" award. I would think that many charitable organizations would agree."

**Note:** W.O.W. will contribute to the Officer Scott Richardson Fund.

**Granny's Attic**

We continue to keep a list of equipment for visiting grandchildren and convalescing Woodsiders. This list may include highchairs, cribs, port-a-cribs, booster chairs, wheelchairs, walkers, crutches, canes, hospital beds, etc. Hopefully this service in Woodside will help you with your young visitor or medical equipment needs.

In order to improve this service, we would like to update our list. If you have any baby equipment or durable medical items that you would be willing to lend, please contact: Peg Blosser (643-1097) who coordinates the lending of these items.
